Short Ride, Take it Easy

We asked a few couples from around these parts what their favorite "short" ride was and here is what they told us:

"We enjoy a good Hill Country run and stop at places like Auslander's (Biergarten & Restaurant in Fredericksburg) and Sister Creek Vineyards (coming out of Fredericksburg toward San Antonio in Sisterdale). And we always make for a side trip to the General Store in Luckenbach, too."

~ **Gilbert Cadena** rides a 95 H-D Fatboy.

~ **Jennifer Doty** rides a 98 H-D Super Glide.

Ronn's Note: According to Gilbert, who also happens to play guitar for Stinky Johnson, he is likely to pick up a spare axe and do a little jammin' while in Luckenbach.

"Our favorite short trip is to the Hill Country around Bandera, Leakey, Fredericksburg; just all of that area. No matter where you go, the food is great and the curvy roads make motorcycling the most fun thing to do with your clothes on."

~ **Gary Moore** rides an 07 H-D Road King.

~ **Jennifer Moore** rides an 06 H-D Street Glide.

Lisa's Note: When I rode to Beaumont back in September, I took the Hill Country route, and from Luckenbach to Wimberley was some of the most peace I have ever known on two wheels.

"One of our favorite day rides is to head to Pecos, then south to Balmorhea for lunch. Then we head on to Fort Davis for a chocolate shake at the drug store and take the scenic loop around the McDonald Observatory. We just make a big circle going thru to Alpine, Fort Stockton and then back home."

~ **Bill & Beth Jordan** ride 'two-up' on Bill's '98 Goldwing on his '99 Valkyrie.

Editor's Note: Lisa rides an 03 H-D 883 Hugger and Ronn rides an 06 H-D 1200 Custom. They are the authors of the blog site **pigletpaper.com**, an eclectic mix of motorcycling, media, mania or whatever suits their fancy.

Do you have a story to tell about a trip you took on two wheels that was particularly memorable? Write us at rsd@pigletpaper.com and tell us your story. We might even call you, talk to you and we just might even print your story!

Until next month, keep the Rubber Side Down!
